

## THERE IS PEACE (For Ruthie)

In this life we sometimes forget  
How lucky we are to the end  
We have our families and our friends  
And we hold on to them 'cause we know  
That's all we'll have to show

Sometimes the bitter tears will fall  
To remind us how fragile we are  
But the lesson we learn is the promise we make to be mindful of  
This world of grace, for

There is peace, I know  
There's a river that drowns all sorrow  
There's a valley so deep with hope no broken heart  
Will fail to mend

Comes a time in everybody's life  
When you're sure you're never ever gonna' see the light  
Then the strength of your soul will come flooding to you  
And this comfort will surely see you through, for

### CHORUS

And if you need me you know I'll be there  
To shoulder the burden of your fears  
You will not suffer here alone, 'cause

### CHORUS

There's a valley so deep with hope no broken heart  
No broken heart will fail to....mend
